

The Incident Management Systems (IMS) Division of the National Integration Center (NIC) is conducting a series of three-day, discipline specific National Incident Management System (NIMS) Implementation Workshops. As part of an on-going IMS effort to assist all NIMS stakeholders in the implementation of NIMS, the workshops will provide the stakeholders with an opportunity to participate in identifying methods, processes, and/or procedures, in which IMS may better assist the stakeholders, as it relates to NIMS implementation.

DESIRED AUDIENCE

Persons attending this workshop should be assigned to billets/positions that are directly responsible/related to NIMS implementation within their respective agencies.

COSTS

The participants are required to purchase meal cards to be utilized while attending the workshops. The cost of a 21-day advance purchased airfare is reimbursable via the Emergency Management Institute's (EMI) stipend program. For all non-Federal employee participants, there are no costs associated with the actual attendance of the workshops, on-campus lodging, or FEMA-supplied transportation from and to the airport.

CURRICULUM - CONTENT

It is important to understand that these sessions are workshops vice training courses. Primarily, during the conduct of the workshops, there will be discussions relating to the status regarding NIMS implementation at the participants' respective agencies. Specifically, the workshops will consist of discipline specific presentations along with group discussions wherein the overall goal will be to capture best practices for NIMS implementation, as well as methods, processes and/or procedures in which IMS can provide greater assistance in the effort of NIMS implementation.

It is also important to understand that although these workshops are viewed as valuable tools, they are not training courses and will not satisfy the requirements for any of the required NIMS training courses, regarding NIMS compliance.

APPLICATION/ENROLLMENT

Interested persons should locate their desired workshop (reflected on page 2) and submit an e-mail message to the PRIMARY CONTACT PERSON reflected on each workshop listing prior to the response deadline date. The email message should contain the following personal information:

Applicant's Name:

Applicant's Title:

Applicant's Organization/Agency Name:

Workshop Title:

NIMS Implementation Workshop Name, Location and Dates

Applicant's E-mail Address:
